Beyond Consequences: A Love Based Approach to Helping Children with Severe Behaviors
This training gives the understanding to truly provide emotional safety for children with trauma histories. By revealing the connection between the body/mind system as it relates to trauma and stress, it challenges all of us to embrace a paradigm shift as reflected in the works of Drs. Bruce Perry and Bryan Post. It reveals our own fears, invites us to step into our child’s internal world, and demonstrates how to respond to them with love. Come with an open mind and heart.
