

People of Color: Skin and Hair Care with a Familiar Twist

This is a fun and lively opportunity to learn the care of hair and skin for children of color, along with health issues that are of importance to specific cultures. This class will provide a hands-on learning opportunity, including demonstrations. Internet resources are provided to learn more about specific cultural practices. Dorothy will have skin care and hair care products on-hand.

Trainer: Dorothy A. Fouse

Dorothy graduated with an ADN degree in nursing from Scott Community College. She is employed as an Independent Contractor for One Church One Child as a recruiter and also with IFAPA as a trainer. She has also recently opened her own day care service. Dorothy has been an adoptive parent for 16 years and a foster parent for 14 years. She has adopted 6 children and has a total of 8 children.
