IFAPA TRAINING

for foster, adoptive and kinship parents and workers

Developmental Considerations for Foster Children

Understanding children who have had unknown and difficult experiences throughout their development can make it hard to know what is a normal developmental response. This interactive session provides basic information about child development, what to expect and how to apply the knowledge. This will be an open discussion about normal behavior in the context of development for children who have been abused/neglected.

Approved for 6 Hours of Foster Parent Credit

About the Trainer:

Kenya Randall-Roca, MS, LMHC, NCC, ACS

Kenya Randall is a licensed mental health counselor. Kenya completed her Masters of Education and Community Counseling from Drake University. Kenya is an EMDRIA Certified EMDR therapist, an NBCC Nationally Certified Counselor and an NCE Approved Clinical Supervisor. Kenya has worked in the Des Moines community for 20 years providing services to families, children and adults. She opened her agency; MOSAIC FAMILY Counseling Center Inc., in 2008. Kenya has a strong commitment to treating many types of trauma in children, adults and families and believes fully, that healing can occur in every situation. Kenya has experience as a foster parent and worked with children and families in the child welfare system for the past 13 years. She is fluent in Spanish and English and provides treatment to many Hispanic individuals. Kenya is also an adjunct psychology instructor at Des Moines Community College, and has taught many psychology classes with a current focus on developmental and educational psychology.
