Get the Real Hook-Up: Teens and Technology

Ninety-three percent of teens use the internet! But, what are they doing on the internet? This training will discuss what technology and social media sites tweens and teens are using including the mainstream sites like Facebook and Twitter, but also navigating popular apps like Snapchat, Instagram, Kik, Yik Tak and Vine. This session will also look at cyberbullying and ways parents can help to prevent this. Participants will also discuss sexting and the implications for tweens and teens. In addition participants will learn about setting technology ground rules within their home.

Approved for 3 Hours of Foster Parent Credit
