

IFAPA TRAINING

for foster, adoptive and kinship parents and workers

Gender and Sexuality Sensitivity

This training will be an interactive overview of current trends and topics regarding Gender and Sexuality. We will explore the history of gender and sexuality rights and discrimination. We will hear testimonials from individuals who have faced struggles due to their gender and sexuality. We will explore statistics, the co-existing issues a person dealing with non-conforming gender and sexuality issues face and new, accurate terms, language and resources to make you an informed and empathetic advocate for gender and sexuality issues. Staying current and having a better understanding of this trending and at risk information will assist you in building a more trusting, understanding, accepting and advocating relationship with foster and adopted kids and their families.

Approved for 3 Hours of Foster Parent Credit
